

OUANDA DISCOVERS

PLEASE GIVE THIS ACTIVITY SHEET TO YOUR CHILDREN

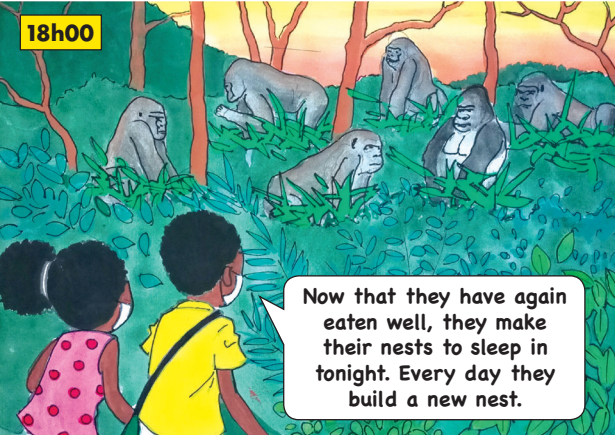

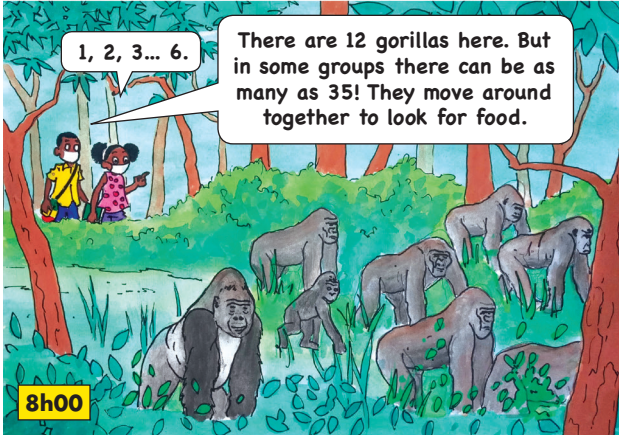

EPISODE 6

THE WESTERN LOWLAND GORILLA

Every week, Ouanda discovers a new animal from one of the protected areas in the Republic of Congo. She will share her adventures so that you too can discover the natural beauty of your country.

The activities are suitable for children from 3 to 12 years old. Participation of parents is recommended for younger children.

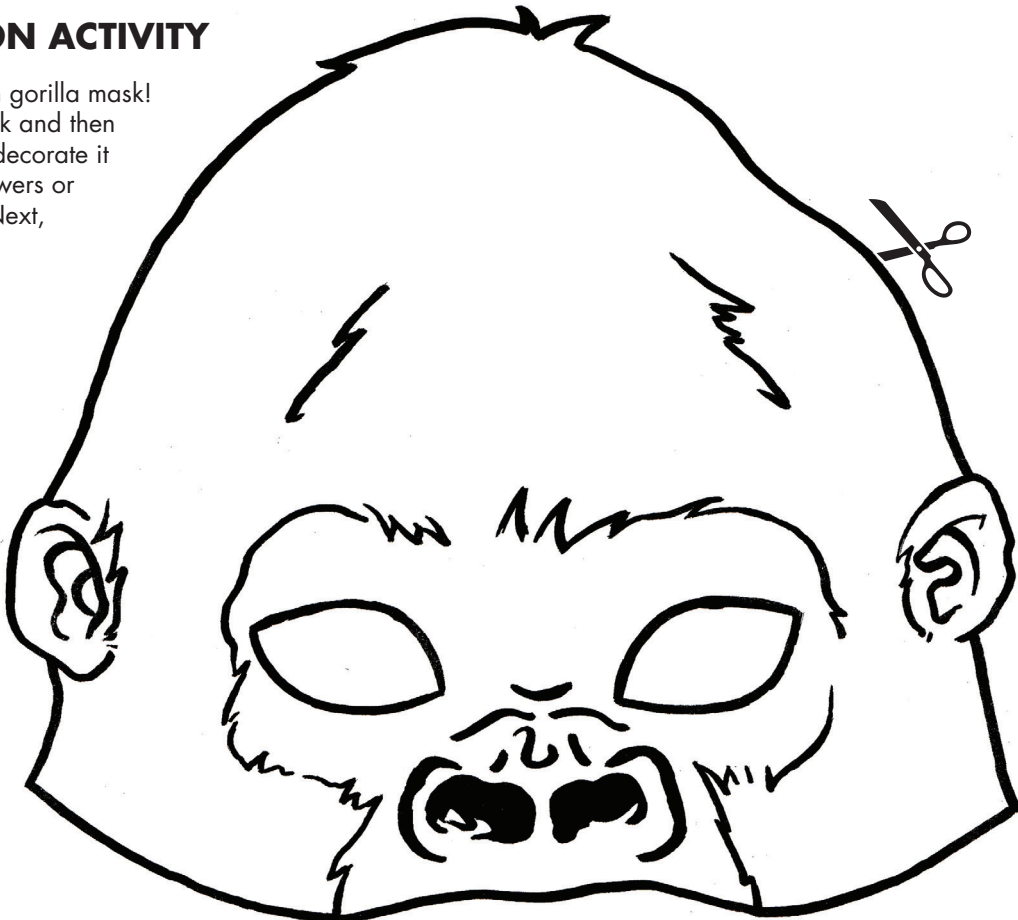

Ouanda is in the Odzala-Kokoua National Park, to find out more about the Western Lowland Gorilla.

Thank you for following Ouanda's adventures and see you soon!

HANDS-ON ACTIVITY

Make your own gorilla mask! Cut out the mask and then colour and/or decorate it with leaves, flowers or other objects. Next, use a piece of string to hang the mask over your ears!

These weekly activity sheets are an initiative of Sabine Plattner African Charities (SPAC). SPAC contributes to the protection of nature through education and community-driven empowerment. SPAC supports the Congolese government through the EduConservation project, Early Childhood Development programmes and Research. During the Covid-19 pandemic, children will be able to enjoy doing these activity sheets at home.

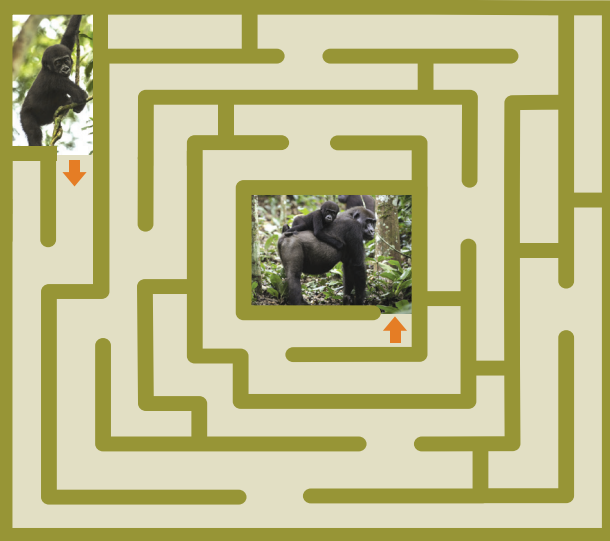

DID YOU KNOW?

When people visit the gorillas they must wear a mask to protect the gorillas from human diseases. Some diseases can affect both humans and gorillas.

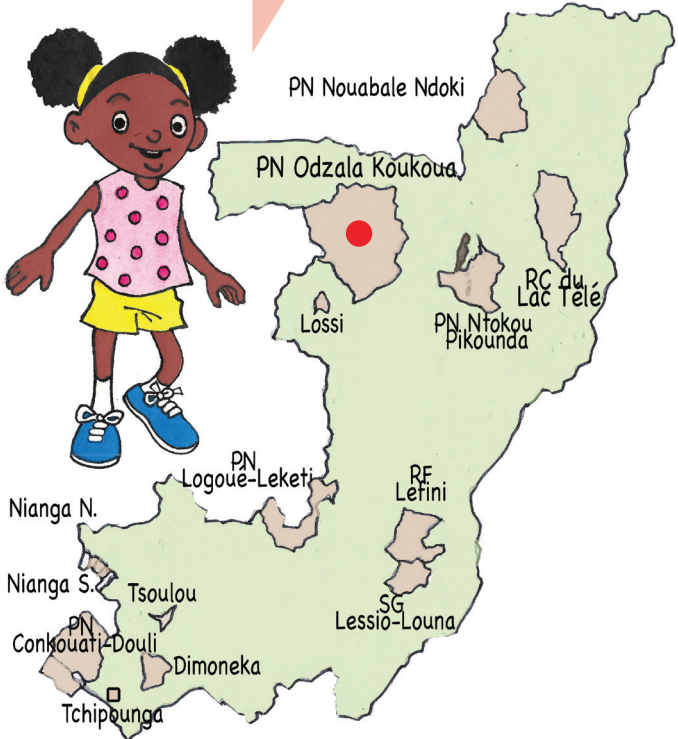

THE LABYRINTH

Help the baby gorilla find its mother. Trace the correct path through the forest!

Photos © Congo Conservation Company

Gorillas are found in and around all protected areas. They are particularly numerous in the forests of northern Congo. Look at the red dot on this map, this is the Odzala-Kokoua National Park, where Ouanda is currently exploring.

HAVE YOUR SAY

Send us a photo of you wearing your gorilla mask!
